SOURCE EVALUATIONS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE.				

25X1

1. The Electroceramic Factory, located in Turda, manufactures high tension insulators, bathroom fixtures, and porcelain for domestic use. The factory was recently modernized and its production of insulators was increased so that it now produces sufficient quantities to satisfy domestic needs. The quality of the products has improved greatly following various changes and innovations.
2. The director of the plant is Vasile Iancu and the technical chief is Ion Leilich. The plant employs 400 people including clerical workers. The majority of the workers come from Hungary and Transylvania.
3. The kaolin used by the factory is imported from Czechoslovakia.
